Residency Program Highlights

Kaiser Permanente is the Nation's largest not-for-profit Integrated Healthcare Organization serving over 8 million members within 10 States.

Kaiser Permanente Fontana/Ontario Medical Centers has 450 beds, and the Riverside Medical Center Hospital has 225 beds.

This PGY2 Oncology Residency is the first to be developed within Kaiser Permanente nationally. **ASHP-Accredited in 2010.**

This PGY2 Oncology Residency Program is located within Southern California at the Ontario/Fontana and Riverside Medical Center Areas in San Bernardino and Riverside Counties, which is in the largest membership area within Kaiser Permanente in the Nation, serving over 1 million members.

Our scope of services include but are not limited to the following:

- Acute and Chronic Leukemia
- Anemia Management
- Antiemetic Therapy
- Anti-infective Therapy in Immunocompromised Patients
- Breast Cancer
- Colorectal Cancer
- Lung Cancer
- Lymphomas
- Melanoma
- Myelosuppressive Therapy
- Nutritional Support Therapy
- Ovarian Cancer
- Pain Management
- Prostate Cancer
- Renal, Liver, and Pancreatic Cancers

- Oncology pharmacy services are provided to both adults and pediatrics within the Medical Oncology/Hematology Departments.
- There are a total of five licensed oncology outpatient pharmacies, three located in the Fontana Area, two in the Riverside Area.
- Residents will experience unique rotations in oncology research and formulary management with specialized oncology pharmacists.
- The unique feature is to practice at multiple sites within a large integrated healthcare organization, serving both adult and pediatric patients and having extensive research opportunities as well as opportunities to precept both pharmacy students and PGY1 residents.

We understand that passion led you to where you are today, and we want you to carry enthusiasm with you as your career progresses. That's why Kaiser Permanente encourages you to own your career.
