

**Erin "Tate" Drees, PharmD**  
**PGY2 Ambulatory Care Pharmacy Resident**

I am from a small town outside of Kansas City, Kansas where I also went to undergrad at Baker University before moving to Lexington, Kentucky to attend the University of Kentucky for pharmacy school. During pharmacy school and specifically in my 4th year during APPE rotations I found myself most interested and excited to pursue a career in ambulatory care. Areas that have sparked an interest and passion in me include cardiology and academia. These passions were strengthened during my PGY1 experience at the VA Eastern Colorado Health Care System in Aurora, CO. When I am not doing pharmacy related activities you can find me riding my horse, doing yoga, or playing volleyball. I have loved my time in Colorado and I cannot wait to continue at Kaiser Permanente in the incredible ambulatory care PGY2 program.

---

**Ella Salter, PharmD**  
**PGY2 Ambulatory Care Pharmacy Resident**

I grew up in Ortonville, Michigan, about 1 hour north of Detroit, and received my PharmD from The University of Toledo in Toledo, Ohio. Throughout pharmacy school, I was a pharmacy intern at a retail pharmacy which is where my passion for direct patient care was formed. I was fortunate to have multiple APPE rotations at various ambulatory care sites which solidified that I wanted to work in ambulatory care for my future. I then completed a PGY1 at the University of Toledo with a focus in managed, ambulatory and community care. My current professional interest includes primary care and anticoagulation. Outside of pharmacy I enjoy hiking, exploring new cities and spending time with friends/family. I am very excited to continue to join the Kaiser Permanente team this year!

# Kaiser Permanente Colorado - Resident Bios 2022-2023

## Abby Wedoff, PharmD PGY2 Ambulatory Care Pharmacy Resident

I grew up in Rockford, IL and received my PharmD from Drake University College of Pharmacy in Des Moines, IA. After that, I moved out to beautiful Colorado and was fortunate to complete my PGY1 pharmacy residency at Centura St. Anthony Hospital in Lakewood, CO. There I built a strong foundation in acute care and internal medicine, while also solidifying my passion for ambulatory care. My current professional areas of interest include cardiology, primary care, and behavioral health. Outside of pharmacy, I enjoy hiking, trying new restaurants, and attending sporting events. I am excited to be staying in Colorado to train with the wonderful KPCO team!
