Mission Statement

The Kaiser Permanente Downey Medical Center PGY-2 Health-System Pharmacy Administration Residency Program provides the pharmacy resident with the opportunity to develop the knowledge and skills necessary for competency in the provision of pharmacy leadership and management. The pharmacy resident will become experienced in a comprehensive integrated care management setting where they will apply principles of strategic planning, personnel development, effective communication, regulatory compliance, pharmacoeconomics, and evidence-based medicine to effectively develop and enhance clinical and operational pharmacy services.

Learning Experiences

The purpose of our residency program is to provide the resident with advanced leadership experience and training to improve the health of our communities with a personal touch through the delivery of pharmaceutical care in an integrated healthcare model.

Core Experiences

- Clinical Pharmacy Operations
- Drug Utilization Management Strategies
- Inpatient Pharmacy Operations
