

# KAISER PERMANENTE SAN DIEGO PGY2 Oncology Pharmacy Residency Program

In San Diego, we invite you to join our innovative education training program and challenge YOU to provide personalized, high quality evidence-based medication therapy management to our members and colleagues with compassion, collaboration and a continual focus on member safety.

This one-year ASHP accredited program will train the Pharmacist Resident to acquire the necessary skill set to become a confident, competent, and professional Oncology Pharmacist Practitioner and to provide quality care for the hematology and oncology patient population.

The Pharmacist Resident will be involved with drug therapy management as a member of the care team and exercise skill in educating others regarding hematology and oncology medication management.
