

Purpose Statement:

PGY1 pharmacy residency programs build on Doctor of Pharmacy (PharmD) education and outcomes to contribute to the development of clinical pharmacists who will be responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for postgraduate year two (PGY2) pharmacy residency training.

This program is designed to train residents in the clinical and leadership skills to fill positions in direct patient care areas (inpatient pharmacy or ambulatory care), drug management areas (Drug Education Coordinator), or enter a second-year specialty residency.

Outcomes:

- R1: Patient Care
- R2: Advancing Practice and Improving Patient Care
- R3: Leadership and Management
- R4: Teaching, Education and Dissemination of Knowledge

Program Structure:

The PGY1 pharmacy residency is completed over a 52-week period with curriculum structure as outlined below:

- 3 weeks in Orientation
- 2 weeks in Outpatient Practice
- 16 weeks in Acute Care
- 19 weeks in Ambulatory Care
- 6 weeks in electives (two 3-week blocks)
- 6 total weeks of administrative responsibilities including:
 - Attendance at professional meetings (CSHP, Western States Conference)
 - Attendance at required organizational meetings (CFS project presentations, poster symposium)
 - PGY1 Pharmacy residency interviews
 - Wrap up week

Total=52 weeks

- Refer to following page for structure outline. Residents will start in either ambulatory care or inpatient practice and then switch approximately mid-year.
