

ABOUT US

Kaiser Permanente Hawai'i consists of the Moanalua Medical Center along with 20 medical offices/clinics and 18 licensed pharmacies throughout the state of Hawai'i. The residency program is based at the Moanalua Medical Center and the Mapunapuna Medical Office, both in Honolulu, Hawai'i.

Moanalua Medical Center is a 285-bed hospital serving a diverse population of 268,000+ members.

The pharmacy department provides services in the acute care, ambulatory care, outpatient, and administration settings.

Our well-established residency program has been training residents since 1999.

PROGRAM OVERVIEW

PROGRAM PURPOSE

- ✚ PGY1 Pharmacy Residency Programs build on Doctor of Pharmacy (Pharm.D.) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for postgraduate year two (PGY2) pharmacy residency training.
- ✚ Provide comprehensive training in the acute and ambulatory care pharmacy settings in an interdisciplinary health maintenance organization.

PROGRAM GOALS

- ✚ Develop skills including, but not limited to:
 - Clinical drug therapy application
 - Interpersonal communication
 - Critical literature evaluation
 - Formulary management leadership
- ✚ Refine skills to function as an integral member of the healthcare team in the ambulatory care & institutional setting.
