

MANAGED CARE PHARMACY RESIDENCY PROGRAM

Virginia, Maryland, and Washington, DC

At Kaiser Permanente, we view pharmacists as a vital link in the chain of patient care.

From specialized support services, to patient-centered disease management, to outpatient point-of-service care, our pharmacy department is continually striving to develop innovative programs that enhance quality of patient care.

Kaiser Permanente serves more than 810,000 members across 42 outpatient medical facilities in Maryland, Virginia, and Washington, DC. Our 52-week postgraduate year one (PGY-1) managed care pharmacy residency program offers a unique opportunity to develop expertise in a variety of pharmacy practice areas within Kaiser Permanente's integrated health care model.

Located in and around our Nation's Capital, the Mid-Atlantic region offers endless professional, cultural, and social opportunities.

*PGY1 Managed Care Pharmacy Residency Program Purpose: To build upon the Doctor of Pharmacy (Pharm.D.) education and outcomes to develop pharmacist clinicians with diverse patient care, leadership and education skills who are eligible for board certification and postgraduate year two (PGY2) pharmacy residency training. A managed care pharmacy residency will provide systematic training of pharmacists to achieve professional competence in the delivery of patient care and managed care pharmacy practice.

Kaiser Permanente Mid- Atlantic States Managed Care Residents will gain competence in a variety of practice areas within an integrated managed care organization. Customized training will include experiences in: benefits design and application, informatics/ systems support and integration, formulary and drug use management, quality, medication safety and compliance, primary care, medication therapy management (MTM), drug distribution, leadership development and optional teaching certificate program. Upon completion of the program, residents will be able to function independently in a variety of ambulatory and managed care settings.

Put Your Beliefs into Practice

During the managed care residency program, you will integrate clinical, administrative, leadership, and business-management skills and cultivate a philosophy of practice that embraces being responsible to patients, fellow healthcare providers, and the public for optimal drug therapy outcomes.

Learning Experiences

Core	Longitudinal
Orientation (3 weeks)	Formulary Management (12 months)
Primary Care (4 weeks)	Residency Research Project (12 months)
Drug Use Management (6 weeks)	Benefits Management (6 weeks concentrated) then 1 weekend at PA Help Desk per month

In addition to helping develop new and update existing pharmacy services, you will be afforded the following exciting opportunities to:

- Become a member of the Regional Pharmacy & Therapeutics Committee meeting through development and presentation of comprehensive drug reviews
- Assist in educating pharmacy students through journal club and other group activities
- Develop and present continuing education programs to health care providers, team members, as well as professional and community organizations
- Conduct population-based projects

Balance Both Autonomy and Support

While support is always available, you will be given opportunities to make your own critical decisions.

Working with our pharmacist, support staff, and other care providers to care for our patients, you'll see the definition of collaboration come to life. You'll be an integral member of our health care team. At Kaiser Permanente, we trust your instincts and empower you to make the decisions you believe are necessary for our patients' well-being.
