

## **Bryant Li, PharmD**

**Hometown:** San Ramon, CA

**Pharmacy School:** University of the Pacific, Thomas J. Long School of Pharmacy, Stockton, CA

**Interests:** ambulatory care (primary care, geriatrics, pain), MTM, academia

**Hobbies:** Swimming, building mechanical keyboards, watching TV shows/anime. Since I am new to the Pacific Northwest, discovering new outdoor activity opportunities and exploring the local food scene!

**Why I chose Kaiser Permanente Northwest:** I chose Kaiser Permanente Northwest because of the abundant and well-rounded learning experiences available to residents and the supportive pharmacy team that I got to experience during my interviews. Since starting my residency, this has only been reinforced through working with the residency team to craft a rotation schedule that reflects my interests to help me become the well-rounded pharmacist that I set out to achieve! In particular, I am excited to engage in the teaching certificate and academia elective to develop my teaching and precepting skills.
