Why I chose Kaiser Permanente Northwest: I was originally drawn to Kaiser Permanente because of their unwavering commitment to positioning pharmacy as an integral part of the healthcare team. In addition, the prospect of participating in the international travel health clinic and collaborating with diverse healthcare professionals excited me. As I went through the interview process and began my residency, it was obvious to me that I was joining a supportive team that values growth and wants to see me succeed. I look forward to the year ahead and know that it will shape me into a well-rounded Pharmacist with a diverse set of skills and experiences!
