

Ashley Beyer, PharmD

Hometown: Dublin, CA

Pharmacy school: University of the Pacific, Stockton, CA

Interests: Medication Therapy Management, Ambulatory Care, Anticoagulation, Asthma/ COPD, Travel Medicine

Hobbies: Cooking and baking, wine tasting, reading, crocheting, hiking with my dog, going to Disneyland.

Why I chose Kaiser Permanente Northwest: I applied to Kaiser Permanente NW initially because of the wide variety of opportunities in ambulatory care. Once I had my in-person interview I knew this was the residency program for me! All of the preceptors are so welcoming and promote a healthy and positive work environment. Emily does everything in her power to tailor our schedule to our interests and to make this the best possible experience. My PGY1 experience has exceeded my expectations and I am so excited to stay on another year for PGY2.
