

Santa Clara PGY1 Pharmacy Practice Residency

Santa Clara • Campbell • Milpitas • Mountain View • Skyport

About Us

The Kaiser Permanente Medical Center at Santa Clara is a 343-bed facility with satellite medical offices in Campbell, Milpitas, Mountain View, and Skyport. We serve over 375,000 members in Santa Clara County, with pharmacists practicing in inpatient, outpatient, educational, and administrative settings.

In Northern California, we are one of two Kaiser Permanente medical centers that perform open heart surgery, one of four medical centers that have a medical residency program, the only medical center that manages patients with left ventricular assisted devices, and we are a tertiary center for pediatric NICU and pediatric neurosciences.

Our Mission

To provide high quality, affordable health care services that improve the health of our members and the community we serve.

Our Program Goal

To prepare pharmacists to practice in hospital, ambulatory care, and drug information settings, to pursue a PGY2 residency, and to become preceptors for pharmacy students and residents.
