

## ABOUT US

Kaiser Foundation Health Plan, Inc.- Hawaii consists of the Moanalua Medical Center along with 18 medical offices/clinics and 21 licensed pharmacies throughout the state of Hawaii. The residency program is based at the Moanalua Medical Center and the Mapunapuna Medical Office, both in Honolulu, Hawaii.

Moanalua Medical Center is a 285-bed hospital serving a diverse population of 271,000+ members.

The pharmacy department provides services in the acute care, ambulatory care, outpatient, and administration settings.

Our well-established residency program has been training residents since 1999.

  - Infectious Disease

## PROGRAM OVERVIEW PROGRAM PURPOSE

- ✚ PGY1 residency programs build upon Doctor of Pharmacy (PharmD) education and outcomes to develop pharmacist practitioners with knowledge, skills, and abilities as defined in the educational competency areas, goals, and objectives.
- ✚ Residents who successfully complete PGY1 residency programs will be skilled in diverse patient care, practice management, leadership, and education, and be prepared to provide patient care, seek board certification in pharmacotherapy (i.e., BCPS), and pursue advanced education and training opportunities including postgraduate year two (PGY2) residencies.

## PROGRAM GOALS

- ✚ Develop skills including, but not limited to:
  - Clinical drug therapy application
  - Interpersonal communication
  - Critical literature evaluation
  - Formulary management
- ✚ Refine skills to function as an integral member of the healthcare team in the ambulatory care & institutional setting.
