

Ashley Beyer, PharmD

Hometown: Dublin, CA

Pharmacy school: University of the Pacific, Stockton, CA

Interests: Medication Therapy Management, Ambulatory Care, Anticoagulation, Asthma/ COPD, Travel Medicine

Hobbies: Cooking and baking, wine tasting, reading, crocheting, hiking with my dog, going to Disneyland.

Why I chose Kaiser Permanente Northwest: I applied Kaiser Permanente NW initially because of the wide variety of opportunities in ambulatory care. Once I had my in-person interview I knew this was the residency program for me! All of the preceptors are so welcoming and promote a healthy and positive work environment. Emily and Tanya do everything in their power to tailor our schedule to our interests and to make this the best possible experience. I love working for Kaiser and am so thankful to be here for my residency.
