

## **Tahir Razzaq, PharmD, PGY1: Managed Care**

**Hometown:** Chicago, IL

**Pharmacy school:** Philadelphia College of Osteopathic Medicine – Georgia

**Clinical interests:** Ambulatory Care, Medication Safety

**Hobbies:** Hiking, Photography, Traveling

**Research project:** *Identifying Dose Optimization Factors Associated With Full vs. Reduced Dosing of Apixaban and Rivaroxaban.*

**Why I chose Kaiser Permanente Georgia:** I chose Kaiser Permanente Georgia because of its unique integrated residency model that combines managed care and ambulatory care, along with its diverse rotation experiences. My career interests include working in an ambulatory care setting while implementing managed care principles to improve patient outcomes both individually and across populations.

## **Faith White, PharmD, MPH, PGY1: Managed Care**

**Hometown:** Lithonia, GA

**Pharmacy school:** The University of Georgia

**Clinical interests:** Population Health, Drug Use Management

**Hobbies:** Reading, singing, nature walks, and spending time with loved ones

**Research project:** *Real World Insulin Conversion from NPH to Insulin Glargine-yfgn in an Outpatient Clinic Setting*

**Why I chose Kaiser Permanente Georgia:** I chose Kaiser Permanente Georgia because of its emphasis on preventative care in the community, which aligns with my passion for health promotion. After residency, I plan to explore different career fields in search of a position that allows me to utilize both my pharmacy and public health skills to give back to the community around me.
