**KAISER
PERMANENTE®**

**San Francisco
Medical Center**

Welcome to Our Program

The Kaiser Permanente Medical Center - San Francisco is a cutting-edge tertiary care facility located in the heart of the city. We are one of the cardiac referral centers for all of Kaiser Permanente Northern California, as well as a specialty referral center for many of Kaiser Permanente's surrounding facilities. We are also a center of excellence for pulmonary arterial hypertension and transgender services.

Our medical center includes a 247-bed hospital and six medical office buildings. We provide pharmacy services to over 239,000 members.

CLINICAL SKILLS

What We Offer

Residents will be trained in a setting with established Ambulatory Care, Outpatient, and Acute Care pharmacy programs and can practice in an urban facility with a long-standing residency training program. Residents will train to initiate and adjust medications under collaborative practice agreements and learn to be responsible for direct patient care management. Residents will also train to become active members of multidisciplinary care teams.

Required Learning Experiences

- Acute Care Emergency Medicine
- Acute Care Inpatient Pharmacy Hospital Practical
- Acute Care Internal Medicine
- Longitudinal Drug Use Management
- Longitudinal Hospital Pharmacy Administration & Medication Safety
- Longitudinal Leadership Exercises
