Why I chose Kaiser Permanente Northwest:

I chose a residency at Kaiser Permanente Northwest because of the variety of specialties offered in addition to the inclusive culture and values. I love how pharmacists are integrated within so many disease states and can contribute to patient-centered care in a variety of ways. During the interview process it was clear this is a great team that prioritizes patient care and the wellbeing of their team. I am looking forward to continuing to grow and learn as much as I can while also becoming more confident in my role as an ambulatory care pharmacist.
