PGY-2 Oncology Pharmacy Residency Program

Our Program

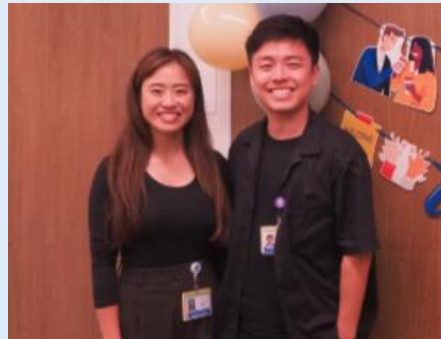

Our Postgraduate Year 2 (PGY2) specialty residency program in oncology offers an exceptional opportunity to deepen your clinical expertise in cancer care within our cutting-edge Cancer Center. Located at Kaiser Permanente Los Angeles Medical Center—a premier tertiary care and referral center for the Southern California region—this program is housed in one of the largest and most advanced Kaiser Permanente facilities in the area.

The PGY2 oncology program provides comprehensive exposure to a wide range of oncology specialties. Residents will gain experience in both pediatric and adult oncology, gynecologic oncology, and neuro-oncology, while also engaging with innovative treatments such as emerging gene therapy agents. This diverse and dynamic environment fosters the development of highly skilled clinical pharmacists equipped to meet the evolving needs of oncology care.

Core Rotations

- Drug Information and Formulary Management
- Oncology Infusion Services
- Adult Hematology Oncology I
- Adult Hematology Oncology II
- Advanced Oncology
