PGY2 Residency Training Program Highlights

- In Diablo area, we pride ourselves on providing the most comprehensive oncology services to our clients. Also, we strive to be on the cutting edge and a pioneer in oncology pharmacy services.
- There are a total of three licensed oncology outpatient pharmacies with sterile compounding licensure in our service area.
- In continuous collaboration with others, you will design and optimize oncology treatment, following a patient through their entire course of therapy. The focus is on ambulatory adult oncology care, but you will have inpatient and BMT and pediatric experience as well. Our facility is involved with extensive research protocols. Depending on scheduling, you may be involved in teaching pharmacy students and PGY-1 residents.

We understand that passion led you to where you are today, and we want you to carry enthusiasm with you as your career progresses. That's why Kaiser Permanente encourages you to own your career.
